Fellow Hoosiers,

Before November 11th, Speaker Nancy Pelosi and the Democrats will try to force a [1,990 page](#), \$1.2 Trillion government-run health care [plan](#) through the U.S. House of Representatives. If they are successful, health care in America will be on a course for irreparable damage. In the coming days, I'll be working alongside the millions of Americans who are opposed to any government takeover of health care. During this critical time, my staff and I will be updating the following page on my website with health care news and information as it comes out:

I hope you enjoy the news below, and I look forward to beating Big Government this week. Please stay tuned for updates.

Sincerely,

Dan
